VOLUME CVII.—NO. 280.

ALEXANDRIA, VA., WEDNESDAY EVENING, NOVEMBER 21, 1906.

PRICE 2 CENTS.

The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicine leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicine in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also antities them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe for men and women.

Not only do physicians prescribe the above, non-secret medicines, but the most intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for use purposes has any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

FRENCH CHURCH BURNS SULPHUR

The net results of the inventory operations conducted throughout France yesterday and last night show that a total of over 1,500 inventories were made.

In only a few cases were there serious collisions between those who resisted the intrusion of the government commissioners and the troops. The reports show that altogether four gendarmes and several peasants were wounded, and that about one dozen demonstrators were arrested. They were at once tried and sentenced to short terms in jail. In several instances the people are still holding out, and remained in the churches throughout the night.

The work of inventorying has been completed in 63 out of the total of 86 departments. There still remain 2,000 inventories to be taken in the other 23 departments, and in some places stout resistance is anticipated.

Premier Clemenceau said in the Chamber of Deputies last night that the troops had been ordered to exercise patience, but that if they were fired on they would reply.

When the soldiers battered down the doors of the church at Villalogue-de-la-Salange they were driven out by sulphur fumes, and the prefect was compelled to postpone taking the inventory.

In most cases the parish priests and bishops, after protesting, yielded to a show of force, but some of the priests defended their churches until the doors were broken down. In hundreds of cases the priests were taken by surprise, the authorities and soldiers arriving before daylight and completing their work before an alarm could be given.

At Armentieres, department du Nord, after the doors of the church had been broken in, the authorities found the vestry fortified with a breastwork of chairs bound together with barbed wire. The congregation filled the church and sang "The Carmagnole" while the taking of the inventory was proceeding.

When the authorities arrived at the seminary of Alencon, capital of the Department of Orne, they found the Bishop barring the door in person and the soldiers were compelled to eject him.

At St. Ginhon, on the Swiss frontier, troops occupied all the approaches to the church in order to keep back the enraged populace.

Resistance was general throughout the Department of Herault. Violent resistance occurred at Pignan, where the church was filled with the fumes of burning sulphur, which was shoveled into the building from the vestry and the roof, and again and again forced out the soldiers, while a crowd of men and women outside shouted maledictions on the troops and hurled stones and flower-pots at them.

The church was finally cleared by a charge of infantry in order to permit the firemen to flood the church, but it was then discovered that the water mains had been plugged.

At St. Bazille the church bells were wildly rung, summoning the clerics, who surrounded the church. The force at the disposal of the prefect was not sufficient to attempt taking the inventory.

The church at Couronsec was barricaded and the parish priest defended the door, but the military engineers cleared the way and the inventory was taken, while hundreds of clerics outside sang hymns.

At Grabels it was also necessary to batter in the church doors, and the taking of the inventory was accompanied by the imprecations of the multitude.

Cloudbursts Thunder and Lightning.

Dispatches from Louisville, Ky., say that the persistent rainfall of the last three days culminated early yesterday in an electrical storm and cloudburst that made the city tremble. Trees struck by lightning, the telephone systems of the city were much disorganized and telegraph facilities in all directions were impaired. Streets in many sections of the city resembled lakes, and it was impossible for pedestrians to move about without wading knee deep in water. Basements were flooded and stocks in several retail establishments were damaged to an aggregate of about \$50,000.

The Illinois Central Railroad track was four feet under water and the passenger depot floated from its foundation. The tracks nearest the river, at the foot of Ninth street, were undermined and destroyed. Many families living near the river were driven from their homes. Police had to rescue some of them.

The electric light plant is submerged and there is much damage to telegraph and telephone wires. Losses were estimated by at least 20 business houses. The large Union Labor Hall is flooded three feet deep.

A cloudburst at Hopkinsville, Ky. following two days heavy rains sent Little river out of its banks and flooded a large portion of the city. The damage is estimated at from \$50,000 to \$100,000. Many stores on Main street had from one to three feet of water in them and a three-story brick building collapsed.

Dispatches from Memphis say that conditions in Tennessee are still serious by reason of torrential rains.

Backache, "The Blues"

Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

Mrs. J. C. Holmes Emma Cotrelly

How often do we hear women say: "It seems as though my back would break," or "Don't speak to me, I am all out of sorts?" These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some derangement of the organs. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the best judges agree that it is the most universally successful remedy for women's ills known to medicine.

Read the convincing testimonials of Mrs. Holmes and Mrs. Cotrelly.

Mrs. J. C. Holmes, of Larimore, North Dakota, writes:

Dear Mrs. Pinkham:— "I have suffered everything with backache and female trouble—I let the trouble run on until my system was in such a condition that I was unable to be about, and then it was I commenced to use Lydia E. Pinkham's Vegetable Compound. If I had only known how much suffering I would have saved I should have taken it months sooner—for a few weeks' treatment made me well and strong. My backache and headache are all gone and I suffer no pain at my monthly periods, whereas before I took Lydia E. Pinkham's Vegetable Compound I suffered intense pain."

Mrs. Emma Cotrelly, 109 East 19th Street, New York City, writes:

Dear Mrs. Pinkham:— "I feel it my duty to tell all suffering women of the relief I have found in Lydia E. Pinkham's Compound."

More Trouble Over Morocco. As a consequence of the receipt by the Spanish Cabinet of dispatches setting forth that the situation of Europeans in Morocco is growing worse, Minister of Marine Alvarado decided, after consultation with the Premier and his colleagues, to order the battleship Pelayo to the Moroccan coast.

The Pelayo sailed last night for Tangier, where she will join the French warships. She will take 500 marines. It is reported in Madrid, though the rumor lacks confirmation, that the British squadron now on the coast of Spain has also been ordered to Morocco.

In official circles in Madrid the opinion is held that the Moroccan situation is immediately perilous. The present precautions are intended to forestall the serious developments rendered possible by the giving of increased powers to the Bandit Rasuli.

The attitude of all the powers concerned is declared to be perfectly harmonious, and the first act of hostility on the part of the Moors will be the signal for the disembarkation of landing parties from all the foreign warships.

Postmaster Robbed. G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all cash, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for eleven years." Some cure for Biliousness, Neuralgia, weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At E. S. Leadbeater & Sons' drug store. 50 cents.

FOR OVER SIXTY YEARS AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. It is pleasant to the taste, sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
